

Mount Street, Preston

Project Description Sheet

Location

Preston

Client

Mount Street Ltd

Commenced

2004

Key Project Elements

Transport Assessment

PSA Design were commissioned to undertake a Transport Assessment for the proposed re-development of the former nursing home currently located on Mount Street, Preston. The works included the refurbishment/ conversion of the existing 1877, 1955, chapel and ward blocks and the construction of two new residential blocks to provide 81 residential units comprising predominantly 2 bedroom apartments and 78 on-site parking spaces.

The site is located within City Centre some 100m to the south of Fishergate, Preston's main retail street and bus route linking the bus and train interchanges.
